IV. Program-Specific Information

Overview and Purpose Area(s)

MBCC is soliciting proposals to offer comprehensive specialized services, tailored to the distinct needs of victims of crime; to be funded by the U.S. Department of Justice, Office of Justice Programs, Office for Victims of Crime. VOCA Federal Guidelines state that services are defined as those efforts that 1) respond to the emotional and physical needs of crime victims; 2) assist primary and secondary victims of crime to stabilize their lives after a victimization; 3) assist victims to understand and participate in the criminal justice system; and 4) provide victims of crime with a measure of safety and security. For the purposes of this program, a crime victim is a “person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime.” The four federally required priority categories are victims of child abuse, victims of domestic violence, victims of sexual assault, and underserved victim populations. The proposed program’s goal should be to provide 10% of services in each federally recognized priority area. If one of the victim categories is not served, applicants must explain why.

VOCA Statutory Requirements

1. Programs must be operated by a public agency, private nonprofit organization or a combination of such agencies;
2. Programs must demonstrate a record of providing effective services to crime victims. This includes having the support and approval of its services by the community, a history of providing direct services in a cost-effective manner, and financial support from other sources;
3. Programs must utilize volunteer(s);
4. Within the community, programs must promote coordinated public and private efforts to aid crime victims;
5. Programs must provide assistance to potential recipients of crime victim compensation benefits; and
6. Programs cannot discriminate against victims based on disagreement with the state's prosecution of the criminal case.

Office for Victims of Crime Requirements

1. Match Requirements are waived for Native American Tribes. Eligible Montana Tribes applying under this RFP are NOT required to provide match for the proposed request;
2. Programs must maintain information on the demographic characteristics of the clients they serve. These data include information about the clients' age, gender, nationality/ethnic origin and disability;
3. Programs must provide services to victims of federal crimes on the same basis as victims of state or local crimes;
4. Programs must provide services to crime victims, at no charge, through the VOCA-funded project;
5. Programs must maintain client-counselor confidentiality and confidentiality of research information; and
6. The Project Director must complete the Office of Civil Rights training and maintain records of certification.

Allowable Direct Services

The **CURRENT** Federal guidelines require that VOCA funds be used to provide direct services to individual crime victims. Direct services include, but are not limited to:

1. Crisis intervention;
2. Emergency services such as shelter, transportation, and food;
3. Support services such as follow-up counseling, personal or legal advocacy, referral to other service agencies;
4. Court related services such as legal advocacy or emotional support during trial and parole/probation hearings;

2. Crime prevention activities;
3. Lobbying for particular victim legislation, system improvement, etc.;
4. Offender rehabilitation/treatment; and
5. Needs assessments, surveys, manuals, and protocols.

Best Practices and Provision of Evidence-Based direct services to crime victims

Applicants are strongly urged to provide direct services to crime victims that have a demonstrated evidence base and are appropriate for the target population. Applicants *must specify* the evidence-based practice being proposed and how the services are to be implemented and monitored for quality and efficacy. Identify and discuss the evidence showing the proposed practice is effective, discuss the population(s) for which the practice has been shown effective, and demonstrate how it is appropriate for the proposed target population. If the evidence is limited or non-existent for the target population, provide other information to support the selected intervention, including validated screening and assessment tools used to support the intervention.

The Office of Justice Programs (OJP) places a strong emphasis on the use of data and evidence in program development. OJP is committed to improving the quantity and quality of evidence it generates; integrating evidence into program, practice, and policy decisions within OJP and the field; and improving the translation of evidence into practice. OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. OJP's Crime Solutions web site, <http://www.crimesolutions.gov/>, is a resource applicants may use to find information about evidence-based programs.

Applicants that demonstrate use of evidence-based best practices in direct services to crime victims, will be given priority for funding.

VI. Limitations and Fund Use

All MBCC grant funds are governed by the Department of Justice grant program's legislation, statutes, and regulations and the [Uniform Guidance found in 2 C.F.R. 200](#) of the Office of Management and Budget. In addition to the DOJ, the Office of the Chief Financial Officer provides policy guidance, financial control, and support services in the areas of grants, accounting, and financial management.

To be allowable under federal awards, costs must meet the following general criteria:

- Be necessary, reasonable, and allocable for proper and efficient performance and administration of the award;
- Be authorized or not prohibited under State, local or tribal laws or regulations;
- Conform to any limitations or exclusions set forth in the Uniform Guidance or other governing regulations as to types or amounts of cost items;
- Be consistent with policies, regulations, and procedures that apply uniformly to both federal awards and other activities of the organization;

- Be accorded consistent treatment (a cost may not be assigned to a federal award as a direct cost if any other cost incurred for the same purpose in a like circumstance has been allocated to the federal award as an indirect cost);
- Be determined in accordance with generally accepted accounting principles;
- Not be included as a cost or used to meet cost sharing or matching requirements of any other federal award in either the current or a prior period, except as specifically provided by federal law or regulation; and
- Be adequately documented.

For specific information regarding allowable or unallowable costs, refer to the [Uniform Guidance found in 2 C.F.R. 200](#). For Montana-specific regulations, refer to the [Montana Operations Manual](#).

VII. Application Processing and Award

Initial Screening

An initial screening will be completed to check the application for completeness. If any required documents are not submitted, the application will be deemed incomplete and disqualified from consideration. Disqualified applicants will receive a letter indicating disqualification.

Scoring

Successfully screened applications will be scored for responsiveness to the program scope and the requirements of this RFP. Based on the assessment of each applicant regarding current or previous funding, unresolved audit issues, delinquent programmatic and fiscal reporting, and prior performance, an applicant may be designated “high risk.”

The following scoring criteria will be used to evaluate each application, with different weight given to each, based on the percentage value listed:

Executive Summary	5% of 100
Budget and Budget Narrative	20% of 100
Needs Statement	25% of 100
Goals	10% of 100
Objectives	10% of 100
Implementation Plan	15% of 100
Evaluation Plan	5% of 100
Collaboration Plan	5% of 100
Sustainability Plan	5% of 100

Any proposal failing to achieve 60% of the total available points will be recommended for elimination from further consideration.

Proposals receiving a score of 60% and above will be referred to the MBCC Application Review Committee (ARC). The ARC will provide recommendations to the MBCC Board of Directors for final funding decisions/awards. Applicants will receive written notice of the ARC recommendation.

Appeals

Per Board policy, if the ARC recommends denial, the applicant may appeal the recommendation. The appeal must include one of the following criteria:

- The Request for Proposal was inaccurate;
- Staff provided misinformation;
- Staff failed to follow MBCC policy;
- A specific geographic region would no longer have any available program in a service category; or
- The application did not achieve the required minimum score.

Notice of Appeal must be made in writing to the Crime Control Bureau Chief within ten working days of notice of the ARC recommendation.

Awards

The MBCC Board of Directors will review all ARC recommendations and reserves the right to make final funding decisions. Following Board approval, each applicant will receive either an Intent to Award Notice or a denial letter. If funded, the application and award documents form a legal and binding agreement with MBCC requiring the applicant to perform all goals and objectives as submitted, and to adhere to the approved budget. Awards to high risk applicants may carry additional special conditions such as increased monitoring and/or prohibitions on reimbursement until certain requirements are met. High risk grantees with substantial or persistent performance or compliance issues, long-standing open audits, or open criminal investigations will likely result in a delay in funds until issues are resolved.

VIII. Grantee Quarterly Reporting

All MBCC grantees must comply with the following:

- Submit online reports within ten days following the end of each reporting period. These reports include, but are not limited to:
 - Financial Reports
 - Program Narratives
 - Outcome Data
 - Performance Measurement Tool (PMT)

Quarterly reporting periods are as follows:

Quarter 2: January 1 – March 31	April 10
Quarter 3: April 1 – June 30	July 10
Quarter 4: July 1 – September 30	October 10

Grantee acknowledges that failure to provide reporting as required *will* cause grant funding to be delayed or rescinded.
